

INVEST IN EQUIPMENT

(WITHOUT HURTING YOUR BANK ACCOUNT!)

Learn how leasing your equipment can help your bottom line.

Once the lease ends, you own the equipment!

We can help you determine the best equipment fit for your company.

Firstlease can help with the financing.

Benefits of Leasing

The Benefits of Leasing

	LEASE	PURCHASE
• Acquire equipment without a large cash outlay	Yes	No - usually requires a 50% down payment
• Upgrade, add-on or replace current equipment	Yes	No - equipment is owned without options for flexibility
• Match payments to cash flow	Yes	No - upfront cash is required
• Avoid affecting line of credit	Yes	No - ties up bank lines and cash for other investments
• Deduct all, or most, of monthly payment	Yes	No - tax depreciation on life of asset; principal not deductible
• Delay payments until equipment is up and running	Yes	No - upfront payment required in full
